## Camp Background

EYCC was built in the late 1960's and 70's by public interest groups looking to create a place for youth to learn outdoor skills. Today, it is owned and operated by the Florida Fish and Wildlife Conservation Commission's Florida Youth Conservation Centers Network (FYCCN). FYCCN has four conservation centers, including EYCC, that operate as year-round education facilities/training centers during the Fall – Spring and as Camps in the summertime. FYCCN also has community partners across the state of Florida that utilize FYCCN as a resource for training and equipment to offer recreation/wildlife-based programs. FYCCN's goal is to spread youth participation in four areas: paddle sports, shooting sports, fishing, and wildlife viewing. Our facility is dedicated to hosting field trips and providing rentals exclusively for youth-serving organizations.
